THE BIRTH OF "THE CHRIST"

It is well for us to have a clear understanding between the terms "the man Christ Jesus" and "The Christ." The Christ is a body composed of many members (one hundred forty four thousand and one 144,001). The man Christ Jesus is the head of that body. All who consecrate themselves to do the will of the Lord at any cost, even unto death, are members of the body of "The Christ." According to God's plan, a period of more than 1800 years known as the Gospel Age, has been designated as the time for the birth of "The Christ" Head and Body. Do you know that the Gospel Age is about closed and that it is about time for the full birth of "The Christ" head and body on the spirit plain? Do you know that the head Christ Jesus was born at the beginning of the Gospel Age and that the feet and last members will be born at the close of the Gospel Age? Do you know that the duty of every member of the body of Christ is to explain God's Plan as is revealed in his word, the Bible, and to point out the errors of the world and give plain warnings as to the punishments that are sure to follow disobedience of God's word? Do you know that every persecution of a consecrated Christian is a persecution of the prophecies of the Bible more than thirty years ago, as to what would take place in these days are transpiring in these very hours? Is it good sense to claim that such an one was not a true Servant of God? Do you know that God's Great Blessings and the desire of all Nations will not come until "The Christ" head and body, is born on the spirit plain? Do you know that every true International Bible Student is a true friend of the world of mankind and that their whole life is one of prayer on bended knees before the Throne of God, asking that the poor world be soon cured of its deadly malady of war, sickness, sorrow, pain and death? Do you know that all the Holy Prophets of old, the Lord Jesus and the Apostles, sealed their faithfulness to the will of Jehovah by their death? Do you know that every International Bible Student is a true member of the body of "The Christ" and that they have long known that a dark hour of their Gethsemane, through false accusations, awaits the ending of their work here on earth the same as did their Lord and head Jesus? Do you know that the question as to how, when and where the feet members of "The Christ" shall reach their Gethsemane to be born on the Spirit plain with their head and Lord is not a matter of concern to them but is left with the Lord and that they must fulfill their consecration vow and be faithful to the will of God even unto death?

Dear readers: I wish to advise you to watch and read your papers closely without missing an issue from now on until the first of the year at least because of the Lord's Grace if he permits it we shall endeavor to turn loose the big guns of truth as never before with a view of continuing the bombardment until the strongholds of Babylon crumble and humble people shown the light.

RICHARD J. HILL.

COTTON PICKERS ARE IN DEMAND

Cottonfield agent are to be seen in Tulsa every day trying to get cotton pickers. Two dollars per hundred is the inducement being offered and quite a number of hands have accepted the offer and have gone to the laden cotton fields and others will probably go later on.

RAIN DOES DAMAGES ON GREENWOOD—AS USUAL

The heavy rain storm that visited Tulsa about 9 o'clock Sunday night did the usual amount of damage occasioned by the backing up of water which an insufficient sewage system fails to take off during heavy rains. The Red Wing and the Stradford hotel buildings and other buildings within half a block of these buildings were where the principal damage was done.

Every time a big rain comes the intersection at Greenwood and Cameron resembles the water front on Lake Michigan in Chicago and considerable damage is always done to property in this vicinity.

While it is plainly the city's fault for not providing sewage facilities no one has as yet filed suit to recover damage resulting from this negligence.

American Japan Policy is Regarded With Dark Misgiving By Think- ing Colored People

(A. N. P. Service)

Los Angeles, Calif., Sept. 30.—The Japanese situation continues to be a matter of considerable concern to the United States, California with her recurrent efforts to pass laws designed to exclude the yellow races keeps the question agitated. The attention of our group is being attracted particularly at this time because of the frank admissions being made by men prominent in public life, that it is a question purely of race and therefore of prejudice and justifying it upon those grounds.

Governor Cox while currying favor in California bursts forth with this ebullition: "God Almighty provided that the fathers of America should be white men. Those from other shores who do not subscribe to that doctrine have the privilege of going back where they came from."

Senator Harding, with suave diplomatic mien, says quietly, that which promises much more ill to the fellow man. He says, "We favor such modifications of our immigration laws and such changes in our international understandings and such a policy as regards those who come among us as will guarantee the citizens of this republic assimilability of alien born."

All of which the thoughtful members of the race are turning over carefully in their minds. We have been disfranchised and discriminated against but it has been done indirectly by states. From a national viewpoint we have been presumably full fledged American citizens. If the Japanese came in large number and found themselves up against the same white man's prejudice, they could not be lynched and maltreated because the government and navy of Japan would be standing behind them. Therefore they had better be kept out. The Chicago Journal says: "The Japanese are not an inferior race. They are a great race. The Chinese are a great race, too. When the ancestors of most Americans were engaged in the task of herding hogs, the Chinese were counting the stars, creating beautiful works of art, and discussing what life meant. General Grant said that the greatest men he had ever met were Disraeli, the English Statesman, Gambetta, the French Statesman, Bismark, the German Statesman and Li Hung Chang the Chinese Statesman, and that he believed that Li Hung Chang was the greatest of the four."

But the average white man in America is not likely to believe that any Chinese or Japanese gentleman
